Cleantech Flanders

- ✓ **An industry-focused association** of more than 200 Flemish providers of **innovative clean technologies**
- ✓ Founded by VITO in 2010, **part of, and powered by**  **vito**
- ✓ **800+** people with focus on cleantech and sustainable development,
aiming at accelerating the transition to a sustainable industry and society
- ✓ ~~For industry organisations and governments~~

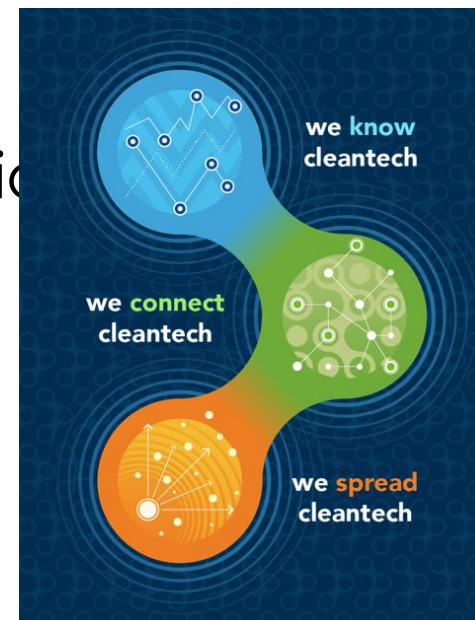

Cleantech Flanders

We know, we connect, we spread

Putting to **tagline** into practice:

- Industrial and commercial partnerships, win-win solutions
- Internationally, globally
- Trade & Investments
- In- and out-going missions, events
- 'there is no-wrong-door' -principle
